STUDIO GAMMADELTAGROUP

Dare funzionalità all'oggetto lampada quando non è accesa come quando diffonde la luce è stato lo stimolo più forte di questo progetto. Il gioco di vedersi riflessi nello specchio o illuminati dallo specchio stesso è intrigante, quanto l'idea di poter guardare da punti di vista differenti, come se in un particolare angolo della propria abitazione ci fosse la possibilità di osservarsi da fuori e da dentro.

The strongest impulse to this project was conveyed by the desire to guarantee functionality to the object lamp both when it is switched off and when it diffuses light. Playing at watching oneself either reflected in the mirror, or lit up by the mirror itself proves to be as intriguing as the idea of being able to look at something from different points of view, as if in a specific point of one's own house there were the opportunity of observing oneself both from the outside and from the inside.

Der größte Ansporn dieses Projektes war es, dem Objekt Lampe eine eigene Funktionalität zu geben, gleichgültig ob sie ausgeschaltet ist oder Licht ausstrahlt. Das Spiel, sich im Spiegel zu sehen, oder vom Spiegel selbst angestrahlt zu werden, ist ebenso bestechend, wie die Idee, von verschiedenen Blickpunkten aus zu beobachten: als ob es an einer bestimmten Stelle des Zuhauses die Möglichkeit gäbe, sich gleichzeitig von drinnen und von draußen zu beobachten.
