

LIGHT TOWER

LIGHT TOWER

STUDIO GAMMADELTA GROUP

La riduzione concettuale dei grattacieli porta nelle case una presenza high-tech con i suoi mille finestrini illuminati. Questa collezione di lampade, plafoniere e sospensioni è caratterizzata da una struttura metallica in lamiera traforata nella quale è alloggiato un cilindro diffusore in polycarbonato bianco contenente una lampada fluorescente dell'ultima generazione.

Devised as an ideal scale skyscraper, this model brings a hightech metropolitan element into your home with its thousand small lit-up windows. The common feature of this collection including lamps, ceiling lamps and pendant lamps is a metal framework made of perforated plate, housing a cylinder-shaped white polycarbonate light diffuser fitted with a last generation fluorescent lamp.

Die ideelle Verkleinerung eines Wolkenkratzers mit seinen tausend kleinen, erleuchteten Fenstern bringt ein High-Tech-Objekt in die Wohnungen. Diese Kollektion aus Lampen, Deckenlampen und Hängelampen, ist durch eine Metallstruktur aus durchbrochenem Blech gekennzeichnet, in der sich ein Zylinderdiffusor aus weißem Polykarbonat befindet, der eine Leuchtstofflampe der neuesten Generation enthält.
