NAUSICAA

E' una magia, quella del vetro, che non smette di stupire. Una magia che si tramanda da millenni tra i pochi iniziati della laguna veneziana. Il maestro Crepax, da giovanissimo alla prese con la materia, ha saputo presto cogliere l'essenza di questa magia - dalla sabbia sottile, al vetro di Murano sulla "piazza" già presto al mattino. Nausicaa, ninfa, forma fluida, lampada, sua ultima espressione nata dal suo costante impegno.

Glass is a form of enchantment that never ceases to amaze. A magical gift that has been handed down over centuries immemorial amongst a very few initiated masters in the Venetian lagoon. Crepax, the master craftsman, from his youth, when he started handling the material, learnt how to capture the essence of this enchantment - from the finest sand, to the glass created in Murano on the "piazza", early in the morning. Nausicaa, the nymph, fluid in form, light, his most recent revelation, the fruit of his constant commitment to the art.

Der Zauber des Glases hört niemals auf, uns mit seinem Wunder zu beschenken. Ein Zauber, der unter den wenigen Eingeweihten der Lagune von Venedig seit Jahrtausenden weitervererbt wird. Crepax, Meister des Glaserhandwerks, der schon in frühester Jugend lernte, mit diesem Material umzugehen, hat es verstanden, das Wesen dieses Zaubers einzufangen - vom feinen Sand zum Muranoglas, bereits am frühen Morgen am "piazza". Nausika, die Nymphe, fließende Form, Lampe, jüngster Ausdruck seiner Arbeit, geboren aus seinem unablässigen Schaffensdrang.
